JULY 2022

BEAR CREEK HIGH SCHOOL

9800 West Dartmouth Place

Lakewood, CO 80236

(303) 982-8855

Dear Parents/Guardians:

We are extremely excited to welcome you to the 2022-2023 school year! As you may have heard, our principal Mr. Torr accepted a district level position as a community superintendent. Mr. Torr will be missed and we are grateful for the last 6 years of his leadership and know he will be successful in his new position. I am proud to serve as the interim principal for the 2022-2023 school year. I have been an assistant principal at Bear Creek for the last 3 years and I could not be more honored to have the opportunity to lead this amazing community. The process of selecting an ongoing principal will begin in the spring of 2023.

As we look forward to this school year we will continue building up our community. We understand the value of student and teacher relationships and will continue to make these relationships our priority. We will strive to strengthen these relationships with a foundation of caring, high expectations, accountability and respect. As a school, we also want to create a deeper sense of community with our families and neighbors. We know that the more support a student receives the better their chances of achieving their goals. In order to support your student in maximizing their full potential, we ask that you assist them in the following important ways:

- A large part of success for adults and students alike is a strong work ethic to include regular attendance and solid organizational skills. For your student to receive the full benefit of instructional programming, which the BCHS staff has thoughtfully crafted, they need to be fully present. This means coming to school on time and being well prepared. Please note that classes are in session each day from **7:15AM to 2:30PM** with a late start on Thursdays at **8:00AM**. You can always refer to the Bear Creek High School Website for updated information on bell schedules as it is updated to reflect any last minute changes. Please reinforce the importance of timely attendance with your student. This will serve them well now and in the future.
- Students have much to accomplish during the course of the school year. Being organized and informed will ensure they remain on track for success. In order for students to maximize their classroom success, they will need to invest time outside of the classroom through homework activities focused on demonstrating and expanding their understanding of critical concepts. The Infinite Campus Parent Portal should be checked regularly to review student progress and attendance. Please know that our counseling and instructional staff are prepared to support you and your students as they strive for success.

- Please take the time to carefully review the important information in this edition of the BC Dispatch. Enclosed you will find important dates, expectations, schedules, and critical registration reminders. Additionally, the Bear Bulletin is published every other week and gives more up to date important information for the Bear Creek community.

We look forward to an incredible school year- one that will create both opportunities and challenges for your student. I want to personally thank you for entrusting us with the education of your children. We do not take this responsibility lightly. Should you have any questions or concerns, please do not hesitate to let me know how we can be of assistance.

Sincerely,

Ms. Alison Shanor  
Interim Principal  
Bear Creek High School

## RESOURCE CENTER

Once again we are approaching the beginning of a new school year hence the list of necessary items your child will need to start his or her school year will soon be coming. Depending on the size of your family and the number of children you have to help with supplies, this time of year can be somewhat stressful. I would like to offer up some suggestions on some community resources that may be able to assist in providing some of the school supplies your child may need. Keep in mind that due to the large number of families requesting this assistance the supplies get depleted very quickly. It is advised that you contact the community agencies as early as possible. The Jeffco Action Center located at 8755 West 14<sup>th</sup> Avenue in Lakewood puts together packets of school supplies every year. Their office is located on the corner of 14<sup>th</sup> Avenue and Colfax. Their telephone number is (303) 237-7704. Every school year The Bridge Church puts together some backpacks filled with school supplies for students in need. Again, supplies are limited so please let your child's counselor know of their need at registration.
